

# YOUTH

Our youth are the future and ACWA supports activities directly involving them.

We encourage all chuck wagon related events to sponsor a youth portion in their event, whether it be education or allowing the youth to cook on an authentic chuck wagon.

In addition, ACWA sponsors up to two \$1000/year scholarships to youth interested in continuing their education beyond high school and are interested in preserving the history of the chuck wagon.

## The Core Values of ACWA:

- Integrity
- Education on historically correct aspects of Chuck Wagons and its' importance to the beef cattle industry
- Fair competitive events and the promotion of youth cook offs
- Fun for people passionate about chuck wagons
- A desire to support our communities through various outreaches and educational scholarships
- Inspiring future generations to embrace the chuck wagon and western heritage

*American Chuck Wagon Association was started in 1997. We are a 501c3 association with a mission to preserve the heritage of the chuck wagon.*
